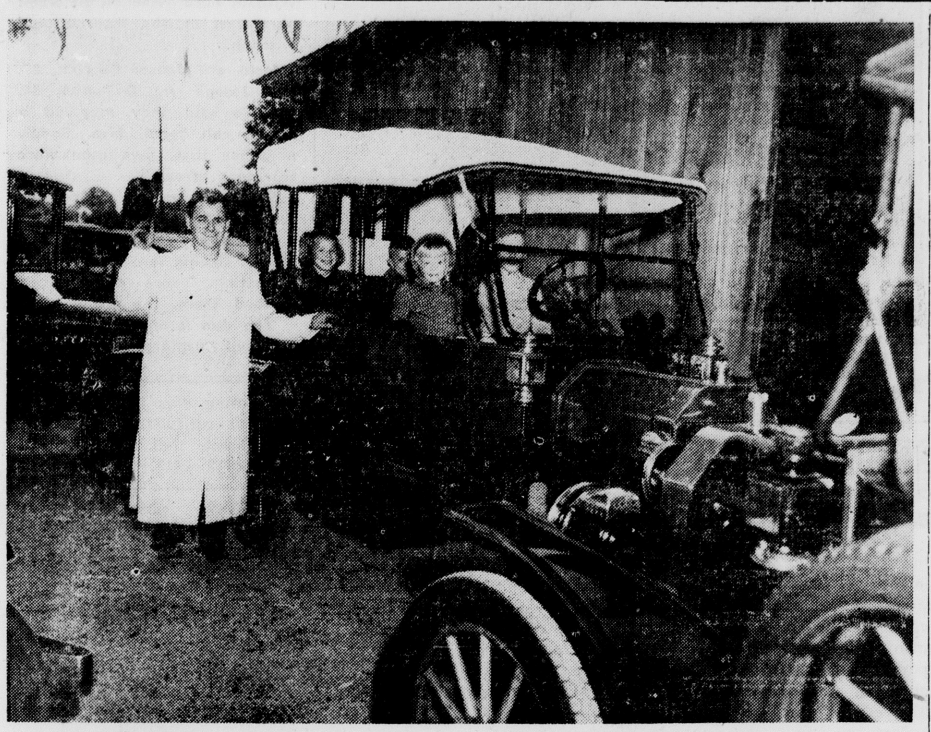
Thousand New Flat-Top Homes Scheduled South of Irvington; To Start Before July



HORSELESS BUGGY — Ben Mozetti of Irvington, costumed in linen duster and derby of another generation, shows his 1913-model Ford touring car, which he will parade in Niles June 7 at the Essanay Days fiesta. Passengers are Carolyn Pinkston, 7, and brothers Robert and Wright Norton. (Register Photo)

READY FOR CARNIVAL — Diane Mento (left) director of the Irvington PTA Carnival, is aided by Mrs. Terry Burnsed and Richard Burnsed in preparations for the event, which takes place this weekend. The fete will have a Mexican theme. Jugglers, a play bullfight, and a boxing show will be climaxed with the traditional "breaking of the pinta." The carnival starts Friday and Saturday nights at 7 p.m. (Foster Photo)

CLAIM SHOP CENTER WILL AID NEWARK

Arthur Beal took his $3,000,000 shopping center to Newark's shoppers Tuesday night, and while his reception was hardly as chilly as the one the town's chamber of commerce gave him, he didn't win backing for the rezoning he wants either.

Beal was reinforced by testimony from three men whose shopping-center know-how appeared impressive, his own consultant, W. W. Hicks, of Western Research Institute; plus Don L. Geisert and Frank E. Cox of Kawneer Corp., a nationwide metal-products firm.

The 100 residents who responded to Beal's invitation to the Newark Pavilion (1) watched a color film of other centers, (2) heard Beal defend his plan, and (3) heard some plain talk about Newark shopping habits from the experts.

Cox, for instance, estimated present stores in Newark get less than 20 per cent of the town's retail business because "you aren't competitive in price, merchandise stock or eye-appeal" with cities like Oakland or San Jose.

"You'd better get behind a center that'll hold trade in Newark if you want your town to grow with the rest of the State," he warned.

Several members of the audience, including Buford Barks and Herb Lacey, questioned Beal's ability to construct the center on funds supplied by stores which would buy space there.

Geisert replied "there are millions in insurance-company funds waiting to be invested in a sound enterprise, and if the surveys are favorable, this will be a sound business venture." Beal has retained Hicks to conduct such a survey. However it will not be in full swing until the County Planning Commission has acted on his rezoning request.

Hicks stressed the same commission's staff has predicted a population of 30,000 for Newark, and said this will need a center the size Beal proposes.

Final public hearing on the center—as well as rezoning the rest of Newark—will be held May 20 in Oakland.

Hicks asked those in the audience who favor the plan to attend the meeting, or to write letters to the commission. He hinted the first meeting, last month, produced less interest than expected.

Wes Sears, stating he intends to build "a big variety store" in Newark this summer, complained he would be excluded from the center under Beal's terms. The promoter denied this, adding however that any stores must "qualify with the lending institution."

"I've got three or four local people now," he declared. "Plus

Lawyer's Coat Tricks Fail to Save Hildegarde from 'Death Kiss' Trial

By STUART NIXON

Despite an attorney who performed a modified strip-tease in Centerville justice court, Hildegarde Pelton, 32-year-old accused "kiss murderess" was ordered held here Tuesday for the fatal shooting of her ex-GI husband, Bill, on a fogbound Niles road.

Hildegarde's composure never failed her during a preliminary hearing before Judge E. A. Quaresma. Clad in her tight, navy blue pullover, she kept her eyes downcast as in her arraignment here last month. She was arrested in New York March 30, two months after the alleged murder.

Instead, it was her lawyer, Benjamin F. Marlowe, who supplied the fireworks. His oratorical candles fizzed more often than they sparkled. But Malowe's jaunty carnation boutonniere never wilted in the 80-degree courtroom.

Using a black Homberg and a gold-headed cane to illustrate geometrical angles he claimed his client's bullets must have taken, Marlowe reached histronic heights when he tried to show how she might have tossed a red rug over Bill Pelton's bleeding corpse.

First he stripped off his blue serge jacket and covered Deputy Sheriff Claire Cook, squirming on the witness stand.

Then the attorney whipped off the coat, and draped it over his own head, mussing his hair-do. It was to no avail. Judge E. A. Quaresma ended 2½ hours of cross examination by ordering Hildegarde held for trial in Oakland superior court.

Marlowe apparently was trying throughout, not to prove that Hildegarde didn't shoot her chilly spouse, but that she did it in haste, in passion, and without premeditation. This could bring her a second-degree murder conviction, if proved, instead of the first-degree type, which can carry the death penalty.

First the attorney tried to draw from Autopsy Surgeon George S. Loquvam an admission that whoever shot Bill Pelton "fired wildly." Dr. Loquvam refused to play ball.

The surgeon quoted centimeters, angles, and even said there could have been lipstick on the corpse's forehead — where Hildegarde is supposed to have kissed him after death. But Marlowe couldn't get him to say the nine shots—all of which hit Pelton in some part of the head—were fired at random.

Deputy Cook was no help either. Neither was Sheriff's Capt. Peter J. Starasinic, who recalled a purported confession given to him by Hildegarde en route home on an airplane.

"She told me she bought the pistol in Flagstaff, Ariz., because she was going to kill Bill," Starasinic said.

The officer did admit the blonde defendant also explained this was after repeated insults from her GI husband, who, according to Staras-

HERE'S A CHANCE TO GET INTO ACT

Still trying to recruit local talent for the Centennial Cavalcade, George Heinz, its producer, takes to the road this week to speak in Livermore and Pleasanton.

Heinz says he welcomes any Township singers, dancers or would-be actors to meet him at 8 o'clock either Monday night, at the Livermore City Hall; or the following night, at Pleasanton City Hall.

The cavalcade will portray the beginnings of Alameda County at Alvarado in 1853.

SUBDIVISIONS MAY RAISE IRVINGTON SCHOOL TAX: CLAIM

Big subdivisions aren't all gravy, Irvington's superintendent of schools warned his Chamber of Commerce Tuesday, as news of the Conway & Culligan subdivision was announced. (See adjoining column.)

Gus Robertson told the lunching members in Roethlin's Cafe:

"Unless we broaden the tax base by attracting industry here, our present school taxes will double."

Robertson explained the present 90-cent rate will go to $1.72 on the basis of "our records, which now show 3158 homes either planned or on option to build in the district."

The educator listed these probable results:

1. Five new schools, requiring an outlay of $2,500,000 and an annual district budget of $675,000.

2. An assessed valuation—including the homes—of only $16,000,000—where $30,000,000 would be required to hold taxes at 90 cents.

"A sound tax base can't be founded on residences alone," he asserted.

William Humpert agreed, and added that one block to new factories in Irvington is the fact that the Southern Pacific right-of-way casts a legal cloud over land 200 feet on either side of its tracks.

Humpert claimed "some homes on Second Street have been built on the right-of-way without their owner's knowing it." He said he and other chamber members have been trying to get the SP to quitclaim this land. The SP wants to clear it all at once, if this is done, he added, rather than by individual parcels.

San Mateo Builders Announce Big Tract

Conway & Culligan, big San Mateo home-builders, this week announced plans to start 1000 low-cost homes one mile south of Irvington by July 1.

The $10,000,000 tract will contain a seven-acre shopping center and a five-acre school site, according to T. J. Culligan Jr., president of the firm, which has built more than 8000 homes on the Peninsula since the war.

The property to be used consists of 152 acres and comprises the old John T. Stevenson Ranch, bordering Highway 17 and the Southern Pacific Railroad. It was sold by Harry W. Stevenson of Los Gatos for a reported price of $2750 per acre—a total of $418,000.

The sale marks Conway & Culligan's first venture into the East Bay. It also is the first large tract announced since the disclosure that Milpitas would be the site of the new Ford assembly plant.

The Irvington subdivision will be a scant seven miles from the $35,000,000 Ford plant. Culligan explained:

"We think Southern Alameda county is the 'new Peninsula,' and that this tract is only the forerunner of many more."

The homes are of flat-top design, will contain three and four bedrooms, and are scheduled to sell for "under $10,000," Culligan said.

Broker for the transaction was Charles R. Wauhab of Centerville, represented by William Humpert of Irvington.

Humpert estimated somewhere around 750 homes would be placed on the site, although the Culligan reports all mentioned 1000.

Drainage in the area—always a problem with new subdivisions in this area—reportedly has been solved by an existing ditch to the Bay—a ditch which the subdividers must widen and deepen.

Historians Hear Diary

Guest speaker at the recent quarterly meeting of the Washington Township Historical Society was Miss Pearl Carlisle of Oakland, descendant of the pioneer Stevens family, who read from a dairy written by her maternal grandmother, who came as a young bride to Alvarado in 1853.

Excerpts read by Miss Carlisle dealt with social life and living conditions of that time and included names of numerous early settlers.

Honored guests at the meeting were the granddaughters of Isaac Plummer, pioneer salt manufacturer of Newark.

Miss Nancy McKeown, program chairman, introduced the speaker.

Niles Votes $388 For Essanay Sign On Highway 9

Niles merchants voted Tuesday to spend $388 for a huge highway sign advertising their town at its northwestern entrance, and gave tentative okehs to the Essanay Festival June 7.

C. W. Chrysler said the sign can be erected in time for the Essanay fete. Twenty-five feet long, it will be located on the north side of the Hayward Highway, opposite the Sullivan Underpass.

It will advertise Niles as the site of Northern California's first film studios—the Essanay Film Mfg. Co., between 1912 and 1916. Members of the Merchants' Committee agreed it will attract needed attention to the town.

Ted Tully, Niles Theater operator, offered to donate half the proceeds of an oldtime film to defray the sign's cost.

A committee headed by L. S. Whitaker Jr. is mapping an oldtime fete, including a parade of old cars and cowboys, to commemorate the 40th anniversary of the erection of the studio at First and G Streets.

Calvin Thompson Dies

Calvin Thompson, 83, former long time resident of this community, passed away on Saturday, May 2, at a local sanitarium.

Thompson was the father of Mrs. Byrde Duffey of Niles, Mrs. Bernice Lautzenheiser of Sausalito, Stanley Thompson of Redding, Maurice Thompson of Niles and Mrs. Edith Anderson of New York City.

Private services were held Monday afternoon at the Berge Mortuary Company, Niles, the Rev. Arthur Freeman of Centerville officiating. Thompson's ashes will be sent to Indianola, Iowa, to be placed in the family burial ground

Niles GI Home-Bound

Cpl. Harvey M. Jones, son of Mr. and Mrs. James F. Jones of Niles, is returning to the United States from Korea under the Army's rotation program.

Overseas since March, 1952, he was an ambulance driver in the 58th Medical Ambulance Company, which is a supporting unit for divisions of the Eighth Army in the combat zone.

DECOTO REBUFFS MARKS' PLEA TO REJOIN TOWNSHIP

Despite charges of "isolationism" hurled by Township Chamber of Commerce President Maurice B. Marks, Decoto's chamber Tuesday stood pat on its decision to quit the parent organization.

Decoto President Manuel Hidalgo told reporters:

"We'll study it, but we're going to send a letter to the Township Chamber anyway announcing our withdrawal."

Decotoans, at a meeting last month, voted to secede, claiming the Township body wasn't working hard enough for Decoto.

Marks appeared at Tuesday's session in the old town firehouse and pleaded for reconsideration.

"Judge Ezra Decoto, your founder, would never have built a wall around your town. How do you expect the rest of the Township to vote for your man (Frank Borghi Jr.) for high school trustee when you isolate yourselves?"

Marks said Hidalgo refused to consider his request to put the withdrawal to a vote. Instead, Marks declared, Hidalgo ordered the minutes of the last meeting changed to make the withdrawal effective April 30 instead of June 30, when Decoto's dues expire.

Hidalgo conceded today that 'some at the meeting weren't in favor of quitting," but added "there were only about 10 on hand—not enough for a vote."

Announce $1,750,000 Plan to Drain So. Township

A complete drainage program for the Mission-Irvington-Warm Springs area would cost $1,750,000 and would raise taxes 40 cents per $100 next year . . .

But it would also open 7000 acres for subdivision and free the region to develop into a mighty metropolis.

This was the message of County Flood Engineer Herbert Crowle as delivered last Thursday to a meeting of residents in the Warm Springs Grammar School.

Crowle said his office's program for the area can be put into effect only if voters approve a "starter" bond issue of about $500,000 sometime this year. The supervisors formed a flood-control "zone" there in January.

Crowle explained the program would:

1. Involve construction of more than 30 miles of ditches, pipes and channels.

2. Cost around $1,750,000.

3. Drain storm waters (1) from Warm Springs to the Bay, (2) from the Stivers Lagoon southwest of Irvington and back into Lagoon Creek before it hits the Bay, and (3) from Mission San Jose into the Lagoon.

Representatives of the Stivers family protested use of the lagoon, but W. D. Patterson, chairman of the flood district's advisory commission, explained only channels and dikes would be built, and that the lagoon itself would not be removed. He agreed to meet with the Stivers to iron out details.

Crowle said the program could be financed by bonds — "about $500,000 to start with." He said this would raise taxes 40 cents next year, and suggested a ceiling of 50 cents on such taxes.

"This will open 7000 acres for development right away and spread the tax load," he asserted. Much of the land has been barred by the county for use as subdivisions because its development would create a flood problem.

Crowle said the area involved totals 43 square miles, with a population of 3000 and an assessed value now of $7,200,000. He predicted that with proper development it eventually will support 200,000 people and have an assessed value of $150,000,000.

Another meeting, of the same "educational" variety, has been called for tonight, Thursday, at 7:45 p.m., in the same school. It is sponsored by the three chambers of commerce in the zone.

LEGION PICKS TWO FOR YOUTH 'STATE'

At its most recent meeting, American Legion Post 195 announced that Joseph R. Silva had been chosen as a delegate to attend the Boys State which will be held at Sacramento in June. Young Silva is the son of Mrs. Amelia Silva of Niles and of the late Judge Silva.

The Legion's Ladies Auxiliary also announced that Jacqueline Real of Centerville had been chosen as its delegate to attend Girls State which will be held at the same time in Sacramento. Jacqueline is the daughter of Mr. and Mrs. John Real of Centerville.

Both young people were chosen by a faculty committee of the Washington Union High School, because of their scholastic standing and their leadership ability. Each year a boy and a girl from Washington Township is chosen for these honors and are sent at the expense of the local post and auxiliary to Sacramento to attend the famous Boys State and Girls State.

Utility Company Earnings Up; To Buy More Phones

Citizens Utilities Company, nationwide utility which operates the Niles and Decoto Water Systems, this week reported an 11-per cent gain in revenues for 1952 over 1951.

In its annual message to stockholders, President R. L. Rosenthal said revenues hit $5,163,992, with net income of $793,489—equal to 90 cents a share. Previous year's net was equal to 73 cents a share.

The company serves 54,000 customers in 200 towns in California, Arizona, Colorado, Idaho, Maine, Vermont and Washington.

Rosenthal said it will spend $647,000 this year to build new facilities in California—mostly on telephone systems in the Sacramento Valley. No expenditures were announced for Niles-Decoto.

The company presently is seeking a rate increase here.

NILES HAS CORO STUDY COMMITTEE

Washington Township's first committee to survey the Coro Report was named Tuesday by Praseident C. W. Chrysler of the Niles Chamber of Commerce.

Chrysler appointed Dr. E. C. Grau, Howard Mitchell, Peter Juhl and Judge E. A. Quaresma to serve with Chamber officers in studying the 57-page report on Township-wide incorporation.

The committeemen are to come back with recommendations on what Niles should do with respect to the facts contained in the Coro study.

Monday night, some 75 Townshippers heard Coro Intern Thomas A. DeRiemer explain his report in more detail at a session called by the Township Chamber of Commerce in the County Building.

Gene Manning, Chamber secretary-manager, said copies of the report are available in his office, at cost, for interested persons.

Maurice Marks, Mission San Jose Chamber president, said a series of further sessions will be held, to disseminate information on the important question whether the township, or a part of it, should incorporate; or whether individual communities should incorporate, or whether the area should remain as it is, at least for the time being.

QUIZ WILL GUIDE NEWARK REC' PLAN

Miss Ardith Frost, instructor in organization and administration of recreation at San Jose State College and her class of junior recreation majors met last week at the home of Mrs. Earl Willburn, president of the Newark Recreation District's Board of Trustees, to prepare questionaires which will be distributed at the Newark Women's Improvement Club meeting May 12.

The students will also prepare questionaires for school children from the fourth to eighth grades, and will make spot door-to-door calls.

Results of the survey will help them in forming a program for the district, a program they are undertaking as a class project.

HOME SWEET HOMICIDE — Rehearsing a scene from the Washington Hi annual senior play, "Arsenic and Old Lace," are, left to right, Marilyn Walker, Gene Mayer and Joyce Castro. The play runs two nights, May 14 and 15, and the public may buy tickets from senior students.

READERS WRITE US

Editor:

It seems that a few of our township people do not know who is entitled to vote in a school election. Education being one of the chief bulwarks against communism, it is important that we all participate in the vital matter of choosing school board members. The education of our youth will reflect on our government, both local and national, in only a few short years.

You are entitled to vote in the grammar and high school board elections if you are a registered voter within the school district. You do not have to be a parent or own property. The education of our youth is important to every American. A goodly portion of our tax dollar goes to the school system, so exercise your right to vote at your local school Friday, May 15, between the hours of 7 a.m. and 7 p.m.

Kraft Zoning

C. W. Kraft, president of Kraftile, told members of the Niles Chamber of Commerce Tuesday he may ask rezoning of the factory site from its proposed light-industrial category to heavy industry "if zoning proves restrictive on our future expansion plans."

Kraft explained increased future furnace capacity might be jeopardized by the lighter zoning. The entire area west of Niles is due to be zoned next Tuesday by the Supervisors.

'GOOD NEIGHBOR' POLICY PAYS OFF

A pair of transients were arrested Saturday when a sharp-eyed neighbor reportedly spied them trying to break into the William Ford home, on the creek northwest of the International Kitchen.

Held are James Bowlen, 27, and Joseph A. DeCunha, 54, Officers said they received a phone call from Mrs. Ford's neighbor that "two men were tearing a screen."

Sgt. William Hildebrand and Deputy Claire Cook responded and spotted Bowlen and DeCunha fleeing into some nearby boxcars. There the officers nabbed them.

The duo is charged with attempted burglary.

APRICOT OUTLOOK GOOD, KLUGE SAYS

Outlook for the apricot crop in general is very favorable for California growers, T. O. Kluge, general manager of the Prune and Apricot Growers Association, told 154 members and guests at the Berryessa Local of the organization at the annual banquet at Centerville last week.

The dried apricot market is in excellent status, due to the limited supply left over from the 1952 crop, Kluge said. The fresh crop is expected to reach 165,000 tons this year as compared to 156,000 tons last year.

Officers and directors of the association re-elected are:

Albert M. Foster of Berryessa, president; Joseph Battaglia, vice president; Emory T. Mather, secretary-treasurer, all of Berryessa. Directors are Henry Imwalle and Roscoe Murray, both of Berryessa; W. J. Furtado and Manuel Abreu, both of Centerville, and M. S. Alameda and M. J. Bernardo, also of Centerville, who are the only charter members on the board of the organization formed 28 years ago. Alameda begins his 18th consecutive term as director.

Hildegarde Must Face Murder Rap

(Continued from Page 1)

inic's version, called her "a crazy, greasy German" in front of friends.

After Pelton drove Hildegarde from home for the last time, taking her as far as Niles in his car, she alighted and shot him with the gun, which she carried in her handbag, Starasinic said she told him on the plane. Then she hitchhiked to New York.

Marlowe assailed Starasinic with a sheaf of rhetorical questions: did she ever say Bill's parents were indifferent to his GI bride? did she say she begged Bill to let her go home? did she say he threatened to drive her insane?

To all such queries the captain patiently answered no.

Deputy Dist. Atty. John Schauer, prosecuting the case, at first countered each Marlowe gambit with an objection. He was never overruled, but at last he let Marlowe have his way.

Hildegrade's trial date is not set.

WASHINGTON HIGH 'GRAD' SPEAKERS

Paul Thomsen and Marlene Roche, president and secretary, respectively, of the Washington Hi student body, have been named student speakers for the school's graduation exercises June 14.

Thomsen, from Irvington, and Miss Roche from Newark, were picked by a faculty committee for the honor.

The graduation will be an afternoon affair for the first time since the war, and will commence at 2:30 p.m. on the football field, according to Principal J. V. Goold.

Answer to this week's Guess Who: George Kolberg, Western Auto Supply distributor.

Telephone service between New York and London was commenced on January 7, 1927.

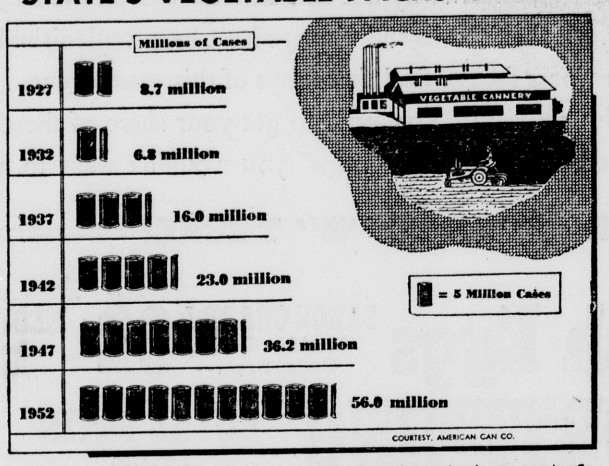
STATE'S VEGETABLE PACKS GROW



California's vegetable canning industry, an important segment of the state's vital food-processing business, has increased its annual output almost 600 per cent in the last 25 years. American Can Company, pioneer developer of food containers, estimates that the 1952 pack, accounting for about one-third of all vegetables canned in the U. S., brought more than $200,000,000 into California.

several chain outfits. I think we could build 100,000 square feet of space right now."

To queries of what the center would do to present stores, Cox replied that in Walnut Creek the Broadway center, next to the older shopping district, has helped it.

The speakers closed the lengthy session by passing out questionnaires asking (1) what percentage of retail merchandise individuals bought in Newark, and (2) whether they favor Beal's center over expansion of the existing district, as formerly proposed by the Planning Commission and seconded by the Chamber of Commerce.

No immediate results of the poll were announced.

NORRIS BACKED BY TWIN CHAMBERS

Hearty endorsement of a fellow member, Allen G. Norris, for Alameda County's next superior judge was voted Monday by Centerville's Chamber of Commerce.

Irvington's Chamber followed suit the next day.

Norris retired last year after more than 25 years as justice of the peace here. A bill recently passed the Assembly awarding the county two more judgeships. It is now before the State Senate.

The South Alameda County Bar Association already has endorsed Norris. The motion to back him was made Monday by A. E. Alameda, who said he will seek similar ones in the eight Township communities, as well as in Livermore, Pleasanton and Hayward.

RICH STAKE FOR FAIR HORSE SHOW

Entries opened today for the traditional horse show, featuring the nation's richest one-day purse, which will be presented as a highlight of the Alameda County Fair that opens a 16-day run at Pleasanton on June 26.

More than $5,000 in prize money will be at stake, according to Roy Bernhardt, chairman of the equestrian event. Staff for the horse show department will include Bernhardt, Livermore; B. L. Haviside and R. A. Conyes, Oakland; and Harry Shackelton, Pleasanton.

The show manager and secretary will be announced shortly, Bernhardt said.

Entries close June 18 and may be mailed to the Alameda County Fair at Pleasanton.

"One hundred stalls are being reserved for show horse exhibitors, and will be issued on a first come, first served basis," Bernhardt said. "Stake classes will range from $400 to $875."

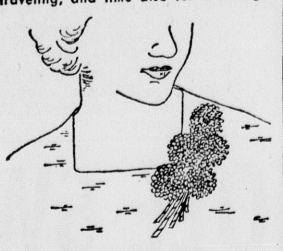
The horse show is billed Sunday, June 28, at 2 p.m. Other Fair features will include 14 days of pari-mutuel horse racing and a Centennial parade on Sunday, June 28, at 11 a.m.

IT'S FUN TO WEAR GARDEN FLOWERS

by MARY HAZEL DRUMMOND

Author of the book "Styling Corsages With Garden Flowers"

The sun is warm, the skies are blue with occasional white clouds, flowers in the garden are blooming in brilliant colors, a gay contrast to the warm green tones of their stems and leaves. It's nearly summer . . . time for vacations and traveling, and time also for a corsage.



Shoulder Corsage

Flowers play an important though frequently unnoticed part in our lives. Aside from their delicate fragrance and enchanting colors, they give a definite lift to our spirits, whether they are on our living room tables or as a corsage to add beauty to our costumes.

Perhaps growing flowers is your hobby. Nowadays, you know, there's hardly any excuse for not being able to grow your own lovely creations with the help of such modern new discoveries as the Krilium soil conditioner to aid in getting your plants off to a good start.

If you do enjoy the flowers of your labors, there is no reason why you should not get the utmost out of them. It is easy to enhance your costume by wearing your own corsage. No special training, expensive tools or supplies are needed. With a little practice you will be able to fashion flowers into clever styles that will be the admiration of everyone.

Wearing flowers on the left shoulder is probably one of the oldest corsage customs; nevertheless, it remains in good taste in our present day fashions. In the illustration, five pompon zinnias have been arranged into an attractive corsage to add a colorful note to a brown waffle weave dress.

Zinnias are a popular summer and autumn flower. They have a wide color range which gives an opportunity to match or contrast many dress shades. In addition, they are a hardy type of bloom suitable for sportswear.

The following is an accepted method for wiring and taping the zinnias: cut the stem, leaving it one inch in length; wrap a nine inch, medium gauge wire two or three times around the stem, close to the base of the bloom; and tape. Wire and tape each bloom before assembling the corsage.

Wear flowers in your hair! Small zinnias or any other variety of garden flowers are a charming and effective accessory. Follow the contour of your hair-do, or make a flower halo. Just a few small flowers and a dash of imagination will do the trick.

Before wearing flowers, it is a good idea to place them in cold water for two hours or longer. Remember, you want them to look fresh and perky.

Flowers In Your Hair

It is fun to wear flowers, and even more fun to wear flowers that you have grown yourself. Make use of the bright colors in your garden. They will add a festive touch to your summer wardrobe.

"Penny postcards" were first issued by the Post Office Department on May 1, 1873.

Members of the Washingtonettes, Jean Hindmarsh, Elaine Thornburg and Marilyn Walker, presented two selections, accompanied at the piano by Mrs. Dwight Thornburg.

Members of the serving committee were Shirley Caldwell, Shirley Emmett, Jean Hindmarsh, Virginia Lammi, Beverly Slater and Barbara Talley.

Cole-Gurley Wedding Plans Announced

Marriage vows will be exchanged between Margaret Cole of Niles and Edward Gurley of San Jose on May 23 in Reno, Nevada.

Miss Cole, daughter of Mr. and Mrs. M. G. Cole, graduated from Washington Union High School in 1951 where she was editor of the Hatchet, school paper. She attended Heald's Business College in San Jose and is now employed by Rheem Manufacturing Company in Newark as a secretary.

Mr. Gurley, son of Mr. and Mrs. B. L. Sinnotts, graduated from Washington Union High School in 1950 where he was active in sports. He attended San Jose State for one year, then served with the Army for 21 months, 11 of them in Korea with the 27th "Wolfhound" Regiment. After his discharge in February of this year, he became employed with the PG&E in San Jose.

Margaret was honored with a bridal shower recently in San Jose at the home of Millie Newgren. Guests were Annie Collins, Madge Sinott, Rose Stienhauer, Yola Tassi, Dolores Sinnott, Esther Sinnott, Emmajean Garcia, all of San Jose; Gerry Homen of Centerville, Laverne Priego of San Lorenzo and Jessie Cole of Niles.

Irvington School Summer Round-Up

Thursday, May 21, from 9 a.m. to 12 noon, P.T.A. ladies will help register children for kindergarten, with Mrs. Garrett Burt as chairman. Parents are required to bring birth certificates for their children registering for the next school year, and are urged to send for them now if they don't already have them.

The eighth grade annual picnic will be held in San Francisco on June 6.

Washington High's Fashion Show Today

The Homemaking Department of Washington Union High School in Centerville is presenting its annual Fashion Show and Tea at 1:30 p.m. in the auditorium today, May 7.

About 100 girls will model ensembles they have made in the clothing department.

Refreshments will be served in the cafeteria by the girls of the cooking department. The public is invited.

The Fashion Show has been named "Blueprint for a Well-Planned Wardrobe."

Girls who have helped in the plans are: Francille Conklin, Shirley Mello and Shirley Cunha, general chairmen; Eva Bassignani, and Janet Robertson, commentators; Jackie Martin, Florinda Lewis and Lorraine Fletcher, program and invitations; Kay Lewis, Dorothy Soto, Rene Navas and Ernestine Moralles, decorations; Freeda Falkner, Dorthy Price and Joann Cole, hostesses; Joyce Rodrigues, Eva Neeley and Wynemia Sudbury, refreshments; Roseine Nelson, Eleanor Medina and Shirley Amaral, lineup; Annette Morua, Ruth Hanson, Jeanette, and Margarita Coria, publicity.

Sunday Guests

Commander and Mrs. Ralph Robison of Cherry Lane, Niles, had as their guests last Sunday his son and family, Comdr. and Mrs. William H. Robison and children. Comdr. William Robison is in the submarine service and is leaving this month for a new assignment in the Mediterranean area. Also a guest was Comdr. Ralph Robison's step-son, retired Admiral Bruce Adel, who graduated from Annapolis in 1922. He and his wife are now making their home at Boulder Creek.

President Will Visit De Guadalupe Institute

The grand president of Young Ladies Institute, Miss Loretta O'Rourke of San Anselmo, will make her official visit to De Guadalupe Institute No. 74, Y.L.I., at Niles, Thursday evening (tonight) at Boliba Hall, Niles.

One of the largest initiations in years is being planned in her honor, under the leadership of Mrs. Frank Silva, membership committee chairman.

In addition to welcoming the grand president, the institute is also honoring a charter member and an officer for many years, Mrs. Leon Orcutt, of Niles. The May Y.L.I. bulletin has been dedicated to her and she will speak of early days in Y.L.I. at the Thursday meeting.

Mrs. Louise Cardoza and Mrs. William Chilcote, co-chairmen of arrangements, and their committee have been preparing favors for the party tables and Mrs. Henry Machado will design the flower arrangements.

The Past Presidents' Tea will be held on Saturday, May 9, at the home of Mrs. Louis Cardoza, 115 Norris Road, Centerville. Mrs. Louis Chericoni of Walnut Creek and Mrs. Ruel Brown, Mrs. Clarence Crane and Mrs. Thomas B. Murphy will preside at the tea tables, and Mrs. Louis Cardoza, Mrs. John Santos, Mrs. Louis Mayer and Mrs. Leland Silva will be on the reception committee. Mrs. Fred Dias and Mrs. Henry Enos are in charge of decorations.

Dinner Honors School Service of Dr. Grimmer

Dr. Elmo M. Grimmer, retiring from Irvington school board of trustees after 18 years, was honored last week with a dinner party by faculty members and other trustees in the International Kitchen.

Dr. Grimmer was instrumental in joining Irvington and Mowry school districts. He has practiced medicine in Irvington for the past 42 years.

Church Plans Dinner

Coupon bonds will be issued by said Board of Supervisors on behalf of said school district. Such bonds are registerable only as to both principal and interest.

PURPOSE OF ISSUE:

Said bonds of Series A are authorized to be issued and sold for the purpose of raising money for the following purposes:

The purchasing of school lots;

The building or purchasing of school buildings;

The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;

The supplying of school buildings with furniture or necessary apparatus of a permanent nature; and

The permanent improvement of the school grounds.

SECURITY:

Such bonds are general obligations of said school district, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said school district subject to taxation by said district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS:

In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION

The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from July 1, 1953 to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than May 26, 1953. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, but not prior to July 1, 1953. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within sixty (60) days of the date of sale and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1953 School Bonds, Series A, of Mission San Jose School District of Alameda County." With each bid must be submitted a certified check or cashier's check for $450.00, drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Mission San Jose School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices and said County will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: May 5, 1953.

MISSION SAN JOSE C. C. TO MEET NEXT MONDAY

Mission Chamber of Commerce will discuss whether or not to have the Planning Commission go ahead with precise zoning after the recent Chamber approval of the Master Plan for their area, at their regular meeting at the elementary school Monday evening at 8 o'clock.

A speaker from the county will be present at this meeting to advise the chamber on the procedure necessary to obtain curbed sidewalks in Mission San Jose. The Coro Foundation Survey, which has been studied by board members, will also be discussed, according to Herman Medieros, chamber president. Copies of the survey are available at the County Library for all interested persons.

During his term as president, Woodrow Wilson vetoed a total of 44 bills.

TOAST YOUR MUFFINS FOR TEATIME SNACKS

by the *General Electric Consumers Institute*

Nothing does more for your morale on a rainy April afternoon than sharing good conversation with a friend over toasted English muffins and a hot cup of tea!

And nowadays, it's easy to toast English muffins in your electric toaster right on the tea table—because the newest toaster models have an extra-high toast lift, so that even muffins and small slices of bread can be easily lifted out with your fingers.

Don't Slice Muffins

Don't slice English muffins, advises the General Electric Consumers Institute. They'll toast—and taste—better if they are gently pulled apart into halves before they go into the toaster.

Set your toaster control to a medium dark setting. English muffins are moister than regular sliced white bread and will require a little longer toasting time. (This same rule, incidentally, is good for whole wheat, raisin and other rich breads, as well as rolls and frozen waffles.)

Butter the toasted muffins and serve immediately. They're delicious with honey, jam or marmalade—and especially tasty if you sprinkle a cinnamon-sugar mixture lightly over the hot buttered surface just before serving.

Toasted English muffins and tea—what could taste better on a rainy April afternoon?

SURVEY WITH A FRINGE ON TOP

Tired of hearing about the Coro incorporation survey? Rather read the funnies? Better keep in mind one thing: our Township, a fringe of the big city, is riding the gravy train on borrowed time. On top of the world for the moment, our happy advantage will disappear when the "free-rider" bill passes the Legislature. There is heavy pressure from the cities to pass it. They are tired of helping foot the bill for county service—roads, lights, policing—to the fringe regions.

If the Township doesn't act first, chances are good it will be tossed into a county service district. That means more taxes. But no more self-governing powers. We want to run our own show, whether as a Township-wide city, a union of several towns, or by individual communities—and now is the time to prepare.

The Coro Survey shows any of the three methods of incorporation are possible from a financial standpoint. It will do no good to delay the issue. Now is the time for Townshippers to study, to discuss, to decide.

The facts have been assembled. The hour for action is fast approaching. Let action come in the hour of our choosing, while we are on top of the situation, and not when a decision is forced on us.

FREEDOM FOR EFFECT

As we suspected, the Reds had a reason in releasing the UN prisoners-of-war. Seeds of doubt are sown among us by some returning British and American GIs who denounce the Korean conflict. The Communists have picked a few embittered youths to send home as vehicles of propaganda. This is supposed to show the rest of the world that Korea is an unpopular war with the Allies.

That's nothing we didn't know. And we also knew that some lads, under pressure from reporters and cameramen, would say things that the Reds wanted them to—things that the Reds have been dinning into their brains under pressure.

Wisdom tells us to reserve our chagrin and temper for a regime so cynical that it uses desperate and disturbed men for propaganda. And wisdom's further advice is for us not to be surprised at the next moral depth to which Communism will descend.

THERE'LL ALWAYS BE A MIDDLEMAN!

Latest disillusionment of the Korean conflict comes with word that the British Navy has pledged protection to Greek and British-chartered freighters delivering war goods to Red China. Thousands of tons of armor plate, medicines and similar cargo now appear to have been delivered by London agents to China, right under the noses of the British in Hong Kong. And what is worse, with the direct promise of the Navy to fire on Chiang Kai-shek's patrol boats if they try to interfere.

Is this an Oriental version of Munich appeasement, to beguile the Communists from seizing Hong Kong? If so, Britain ought to learn a lesson from Munich, wise up, and halt the practice. If she won't, our own Navy should blockade these international pirates who are making fortunes off the blood of our fighting men.

We hear Molotov missed the Soviet premiership because he wouldn't sell his General Motors stock.

In view of the latest developments in Indo-China, we'd be tempted to say things are Laos-ed up.

OAKLAND FIRM BID LOW FOR U.S.D. LINE

Low bid of $86,869 was received from Oakland Sewage Construction Company last week for construction of a three-foot outfall sewer pipe for Union Sanitary District.

Total of five bids were received on the job, with the second lowest bidder being Kevry Construction Company at $88,180; and the highest being McGuire and Hester Company at $132,550.

The bids were referred to the district engineer, Harry Goodridge, for recommendation, and the contract will be let at the May 13 meeting, according to George Coit, board chairman.

The present pipe measures 14 inches in diameter, while the new one will total three feet and run 6000 feet in length from the treatment plant to Dumbarton Slough, Coit added.

Goodridge's complete survey report on district facilities and the present water loads of various branch lines is to be given at the May meeting.

ACKNOWLEDGEMENT

I wish to take this means to personally thank all those who phoned or inquired in my behalf during and after my recent surgery.

MYSTERY MAN WAS HAUNTED BY SNOW

(Yes, last week's Mystery Man was . . . you probably never guessed it . . . Edgar Van Scoy, former snakecharmer and circus barker, now a Centerville jeweler. This week's subject is from Centerville too. But that's all the clues we'll give you. See if you can guess who, without looking through the rest of the paper to find the correct answer.)

He has been haunted by snow most of his life—that is, until he moved to Washington Township.

Born in the middle of North Dakota 42 years ago, our subject used to trudge a mile through deep snowdrifts to his country school. A mile each way, that is.

His father was a wheat and cattle rancher, and he wanted his son to have a good education. However after graduation from high school, the Depression forced our man to work on the family farm for four years before he could afford college. Finally off he went, to the snowy campus of North Dakota U., receiving his degree in business administration in 1938.

Four years as a salesman for Armour & Co., around chilly St. Paul, constitute the next chapter. Then in 1942 our man joined the Army. He was sent to California —Camp San Luis Obispo.

"No more snow now," he told himself.

So it was a double shock when his first overseas assignment was —Adak, in the fogbound Aleutians! His battalion was the first on the beach. It was not relieved for 22 months.

North Dakota was heaven, compared to Adak, he tells us. Winds blew 120 miles an hour, when it wasn't snowing, it was raining. No sun, for months on end.

Even soldiers get home, though —eventually. He was discharged in 1945, took over a county veterans' job in Minnesota for two years, then struck out for himself again—to Sunny California.

In Merced, he met a young brunet nurse from the cold country, Minnesota. They were married in 1949, now have a small daughter.

Shortly after their marriage, they moved to Centerville. It seemed a good spot for the business he's in, and besides—it almost never snows in Centerville!

Our mystery man says he used to like golf, but now has no time for hobbies, other than taking colored movies, with the starlet a certain two-year-old daughter.

Guess Who?

Irvington's Plan

A meeting of Irvington's planning committee was called Tuesday for later this week by Karl Christensen, chairman of the Chamber of Commerce group.

Christensen said he wants to promote recommendations on rezoning the area prior to a May 15 confab with John Jay Thomas, county planning director.

Other committeemen are Allan Hirsch, John Wifpli, William Humpert and R. J. Wright.

Houlihan Rides Again! Last-Minute Dash to Judge Stalls 'Acres Zoning

By STUART NIXON

Amid a barrage of injunctions gone wrong, residents of Adobe Acres learned last Thursday they must wait at least until May 12 for the protective zoning they crave.

The drama took place in Oakland Courthouse, where Alameda County's supervisors and superior judges took the leading role. The supervisors were slated to decide whether to follow the recommendation of their Planning Commission and zone all of the 300-acre suburb for residences.

Sole protesting voice was raised by Atty. John C. Houlihan, attorney for Santa Cruz Portland Cement Co., which owns land in the area. Houlihan also happens to be chairman of the Oakland City Planning Comimssion. He appeared in court at 9:30 a.m. Thursday to ask Superior Judge Cecil Mosbacher for a restraining order to keep the supervisors from deciding the matter at 2 p.m.

Judge Mosbacher denied Houlihan's request because, according to the judge, Houlihan had named the chairman of the Board of Supervisors in the complaint, instead of the county. Houlihan complained this was a technicality, and turned up a few minutes before 2 p.m. in the chambers of Presiding Judge A. J. Woolsey, bearing an amended petition.

Judge Woolsey granted a temporary injunction against hearing the zoning issue. He set May 11 for a hearing on whether to make the injunction permanent. Houlihan rushed downstairs with the order and presented it to the supervisors. Chairman Chester E. Stanley asked the board's legal adviser, Dept. Dist. Atty. Richard Klippert, for an opinion and Klippert ruled the court order had to stand.

Stanley then postponed the final public hearing on the zoning to May 12. Then Klippert and Houlihan met outside the supervisors' chambers. Klippert pointed out he could have the injunction quashed, since temporary restraining orders must be heard within 10 days, and the interval would have been 12 days. But, Klipper said wearily, he would decline to take advantage of the error, since Houlihan probably "would just turn around and get another injunction."

Whereupon Houlihan ran upstairs again and got Judge Woolsey to reset the hearing on the injunction for May 8.

To reporters Houlihan explained his stand on the issue thus:

"The Planning Commission advertised it would consider zoning in Adobe Acres as a whole. Then it was unable to do so, owing to one member's absence, which prevented the necessary two-thirds vote. So the commission first zoned the north half of the area residential. Then when a quorum was present at a later meeting it also zoned the southern part residential, in which the cement company land lies."

This, contends Houlihan, was illegal, since it violated the declared intent of the commission. The commission staff replies there is nothing illegal to the action, since the commission (1) did not consider more land than was advertised, and (2) its only action was a recommendation to the Board of Supervisors, which alone has the power to zone.

Santa Cruz Cement Company desires, according to Houlihan, to keep the southern half unzoned so industry may develop there, along the Western Pacific tracks.

The home owners fear heavy industry there would produce smoke and smell which, wafted over the tracks, would make their houses untenable.

San Francisco is often called "the nation's western capital."

TRUCKS STOLEN, LAW NABS 3 SUSPECTS

In swift succession last Saturday, local sheriff's deputies recovered a pair of stolen trucks and jailed three suspects.

The incidents were unrelated. First was reported by Alfred P. Mendoza of Irvington, who said his light pickup truck was stolen from its parking place in Decoto.

It later was recovered with a broken wheel a few blocks from the scene. Deputy Claire Cook traced its disappearance to Alfred Martinez, 19, 1006 D Street, and Henry Gonzales, 23, 909 Railroad Avenue. Both were arrested for investigation.

Then Saturday morning, a huge truck-and-trailer was taken from the yard of N. L. Jackson, Castro Valley. Deputy Sheriff Oren Strand spotted it stalled at the Niles Canyon intersection, with motor burned out.

Strand arrested the driver, Forrest Davis, 45, of Los Angeles, who was turned over to Hayward police.

LOWER SPEED BAN SOUTH OF C'VILLE

Extension of an existing 35-mile-an-hour speed zone on Main Street (State Sign Route 17) in Centerville, to include the area east of Washington Union High School, was ordered today by the State Department of Public Works.

The extension is slightly less than one-half mile long, beginning east of Fonseca Lane and ending just east of Santos Avenue. The community in the area is developing rapidly with constantly increasing traffic volumes, averaging more than 11,000 vehicles a day, the bureau said.

Extension of the 35-mile zone was recommended by State Highway Engineer G. T. McCoy following an engineering study of traffic conditions by the Division of Highways. It will be effective when signs are posted this week.

Columbia, in Tuolumne County, is one of the best preserved of the early mining towns of California.

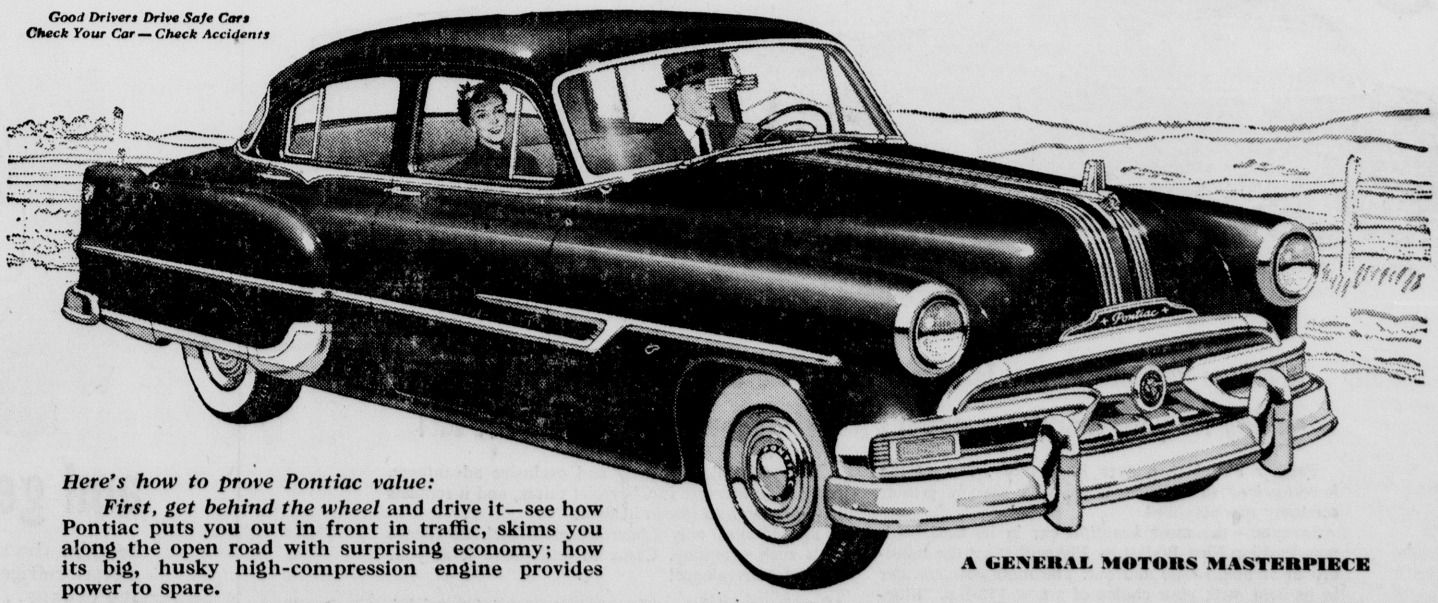
4-Way Proof that Dollar for Dollar you can't beat a Pontiac

Good Drivers Drive Safe Cars
Check Your Car — Check Accidents



Here's how to prove Pontiac value:
First, get behind the wheel and drive it—see how Pontiac puts you out in front in traffic, skims you along the open road with surprising economy; how its big, husky high-compression engine provides power to spare.
Next, take a good long look at its distinctive styling and its luxurious color-matched interiors.
Consider, also, Pontiac's reputation for unsurpassed dependability, long-range economy and high resale value.
Finally, compare its low price—so low, in fact, that if you can afford any new car you can afford a Pontiac. Why not come in and see for yourself?

STORK NEWS—

It's a boy for Robert and Doris Silva but that's only half of it: twin sons were born April 23 at Letterman General Hospital in San Francisco. The boys were named Gary Arnold and Terry William. Big brother Robert welcomed his new brothers home. Daddy Robert is now in Korea.

Robert and Lilly Mae Lloyd welcomed their third daughter on April 29 at the San Jose Hospital. Sisters are Judy and Linda.

Mr. and Mrs. Eugene Pashote are the proud parents of first-born Stanley Eugene, at the San Jose Hospital, April 22.

THE PTA SALVAGE DRIVE recently completed by the grammar school children netted 1354 pounds. Mrs. Hoffman's third grade led with 176 pounds; Mrs. Thatcher's second grade, 133; Mrs. Collins' second grade, 120; Mr. Walters' fourth grade, 113, and 203 pounds for both kindergarten classes.

GIRL SCOUT Troop 77 welcome Shirley Meyers, a transfer from Berkeley, and Susan Perl of Newark. The girls have explored many different program fields and expect to receive their second-class rank at a progressive dinner this fall. The girls also receive Cat and Dog badges when requirements are completed. Troops 76 and 77 are making knapsacks and will go on their first hike this month. Ten girls from Troop 76 and five from Troop 77 will attend day camp with their leaders at Redwood Regional Park, June 15 to 19. Three members of Troop 77 will attend Girl Scout Camp in the Mendicino Woodlands.

GIRL SCOUTS—The Washington Township District meeting will be held May 6 at 9:30 at the Newark Youth Center. Newly approved officers are: President, Betty Margarido; day camp, Elmira Atkinson; finance, Berdina Rose; training, Grace Lewis. Camp allocations to troops will be decided and registrations for day camp will be taken. There will be workshop and display of ideas for summer activities. Marian Conklin, field director of the Hayward Area Council, will be present. Women interested in girl scouting are asked to attend this meeting as leaders are urgently needed.

ED KETTMAN, organist at St. Edward's Church, is training a girls' choir to sing at 8:30 mass every Sunday. Girls who sang in the choir for the first time last Sunday were Antoinette Medeiros, Lurlene Bayliss, Gaye Carroll, Virginia Marks, Deanna O'Mara, LaVonne Lemos and Joanne Kettman. Mr. Kettman expects to have 15 girls in the choir.

Good Used Cars come to Ford Dealers

(and so should you)

What's happening is

that lots and lots of people want new '53 Fords. So day after day they keep turning in cars so good as to make a Scotchman shudder! (Some of these cars come close to being as good as new!)

And would you believe it?

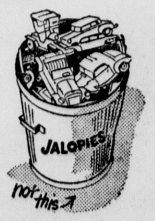
Most of these cars have had only one owner—a *careful* owner (though not, we admit, an old lady who never got a speeding ticket!) Lots of these cars are just one or two year old babies. (Probably their owners were waiting 'til they could get a new Ford!)

Here are some examples:

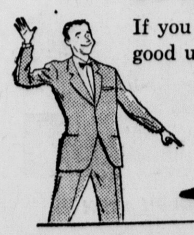
1950 Ford 4-Dr. Sedan $1295	1939 Chev. 4-Dr. Sedan $265
1948 Ford 4-Dr. Sedan $795	1949 Ford Coupe $895
1946 Chev. 4-Dr. Sedan $695	1949 Ford Conv. $1195
	1950 International ½-Ton Pickup $995

Sure, we get some jalopies

(who doesn't?). But we don't keep 'em. If used cars don't come up to our exacting A-1 standards, we just won't sell them to *you*. Come in and see yourself—there are no jalopies here.



So the moral is:



If you want a *good* used car, come where good used cars come. Come here.

Gravel Firm Sues

Niles Sand and Gravel Company last week requested Alameda County's Superior Court to end its contract with its operating manager, Quayle Collinson, hired last May on a salary and profit-sharing contract for 10 years.

The firm is an affiliate of Inland Aggregates. Louis L. Filinghoff, president of Niles Sand and Gravel, affirmed the complaint.

The suit alleged that Collinson breached terms of the contract, entered into May 1, 1952, by allegedly "failing to follow instructions of his employers."

The company claims Collinson's performance resulted in the loss of business.

Collinson was hired at a salary of $750 monthly and guaranteed an average of 10 per cent of the profits after purchase of stock.

Fireman Olk Dampens Buc Rally To Give Washington 7-5 Victory

By BOB HIRD

Righthander Allan Olk quelled a seventh-inning rally by the Campbell Buccaneers last Friday and Washington Hi's Huskies edged the Bucs 7-5 on the latter's diamond. The game was scheduled for Thursday, but rain forced postponement.

The speedballing Olk, taking part in his first varsity league game, came in with the tying runs on second and third. It took the six-foot three-inch Junior only four pitches, as he struck out First Sacker Ron Cutta to end the contest.

The Bucs jumped to a 1-0 lead in the first frame on a double by Third Sacker Don Bradford, and Centerfielder Ron Haywood's single.

The locals tied it up in the second on a squeeze play. John Chacon was on second and Frank Murakami was on third. The batter was Raul Orozco... Murakami broke for the plate on the first pitch, and Orozco laid down the bunt perfectly.

Centerfielder Ed King gave the Malemutes a 3-1 lead in the fourth as he banged out a two-run homer.

The Bucs picked up one more in the fourth and three more on Haywood's home run in the bottom of the seventh, with two aboard.

Murakami opened the sixth with a walk and came all the way home on "Chico" Chacon's 380-foot triple. King then drove in Chacon on a long fly ball to left. A beautiful catch by Buc Left Fielder Bill Hochn robbed King of his second homer of the day.

The Huskies' final pair of tallies came in the seventh, and proved the winning margin. Don Santos opened the inning with a single, but was thrown out at third on Dick Arington's two-bagger. First Sacker Tony Nieves then singled to right, driving in Arington. Nieves proceeded to steal second base and was brought home on Murakami's single to left.

The right-handed Lunsford was given credit for the win, his third league victory. He struck out five and walked one before yielding to Olk.

Today the Huskies face the Live Oak Acorns on the local diamond. Live Oak is not too highly rated in the SCVAL, but may figure to pull an upset by taking the Centervilles.

BEARCATS LOSE BATTLE OF THE ERRORS TO S. F. CLUB, 6-5, IN SUNDAY TILT

By TONY ROGERS

Centerville's Bearcats outfumbled a Guadalupe Blues nine Sunday and lost a 6-to-5 ball game as a result.

Frank Romero pitched six-hit ball for the local semis, but his teammates were all thumbs behind him. They committed a half-dozen miscues—three of them in a single frame when it really counted.

The San Francisco visitors had four bobbles themselves.

Joe Dutra's Bearcats were on top, 5 to 3, when the Blues came to bat in the top of the ninth. But three errors let in three runs and that was the ball game.

Ferranto, the Guadalupe tosser, threw eight-hit ball, allowed five runs (two of them unearned) and launched three double plays to snuff out as many Bearcat rallies.

Mize of the Blues proved their seige gun, smashing a two-homer and a double in four trips.

For the Centerville nine, Leonard Kelly singled, tripled and started one double play to Lemos. Stan Roderick and Dick Silver collected two bingles apiece to share batting honors with Kelly.

By B. H.

This week's star athletes are Don Santos and Ernie Delgado.

Santos is a Junior, and plays football, basketball and baseball.

The 5-foot 8-inch Santos played shortstop for two seasons on Coach Don Wolfe's frosh-soph nine. This year he has moved up to the varsity, and is the regular shortstop. He is a good glove man, and potentially a good sticker.

He has put in three years of basketball, the first on the C quintet, second on the Bs, and this season on the varsity. He was one of Coach Clyde Voorhees' starting guards this year, and was the team's playmaker. He possesses an eagle eye from far out, and is a sharp rebounder.

Santos played one year of football, that being in his Sophomore year as an end on the B eleven. He is taking a college course and is planning to attend college—location unspecified.

Delgado, also a junior, has starred in baseball and football. Better known as "Chumbo," he has had three years of football experience. His first two were as a lightweight reserve center. This season, on the varsity, he took over for the injured Ed King, and did a yeoman job at the center spot.

His first two years were also spent on the Frosh-Soph nine as a catcher. This season he has moved up to the varsity as a reserve backstop. Coach Irv Hird says the hustling Delgado and first-string home-sacker John Chacon give him the strongest catching in the SCVAL.

As far as the future is concerned, Ernie says he is not decided.

HUSKIES MAKE IT 3 IN A ROW OVER BELLARMINE NINE

Tallying seven runs in the first two innings, the Washington nine defeated Bellarmine, 8-4, last Wednesday, in a non-league tilt on the local diamond. It was the third time this season the Huskies have handed the highly touted Bells a defeat.

The Bells got to starting chucker Bob Hird for four runs on four safeties in the first frame, then were unable to touch the little righthander.

The Malemutes came back in their initial frame with five of their only three hits. Centerfielder Ed King's double with runners on second and third was the big blow.

Second Sacker Dick Arington opened the second stanza by drawing a free pass. Tony Nieves followed with a single which moved Arington to third. After Nieves stole second base, Right Fielder Ernie Delgado grounded out to shortstop, driving in Arington. Nieves came across with the Huskies' seventh run when Frank Murakami was given new life on an error.

King accounted for the Orange and Black's final run as he singled with Delgado on third in the fifth. Hird was given credit for the victory, his fourth of the season. After the shaky start, he settled down and blanked the Bells until the sixth when Right Hander Allan Olk took over. Hird struck out five and walked two.

REGISTER SPONSOR FOR SUMMER BALL

The Township Register will sponsor a 'teen-age amateur baseball team this summer, so that Washington Hi diamond hopefuls can play as a unit.

The announcement came after a conference with Coach Irv Hird. Most of Hird's charges last summer played several games under the name of the Washington Township Huskies.

Games can be played Sundays, on a schedule to be announced and Hird said he had lined up several clubs from Oakland, San Francisco San Jose and Santa Cruz to round out an informal loop.

The games probably will start late in June, Hird added and will run through August.

The local newspaper assumed sponsorship to make the games possible.

CONSULTANT SPEAKS

Frank E. Cox of Berkeley will speak Tuesday, May 12, before the Centerville Lions Club at the International Kitchen. Cox is a commercial and industrial planning consultant.
